EDUCATION

Drexel University **Philadelphia, PA**
Bachelor of Science in Computer Engineering Anticipated: May 2030
Minor: User Experience and Interaction Design **GPA: 3.53**

RELEVANT COURSEWORK

Digital Logic Design	Computing and Informatics Design I, II, III	Web Authoring I
Foundations of Electric Circuits I	Linear Algebra and Matrix Computations	Advanced Programming for Engineers

SKILLS

Languages: Python, Java, C, VHDL, Verilog, HTML, CSS, GDScript, Bash/Shell
Hardware & Simulation: Arduino, ModelSim, Multisim, EDA Playground, Soldering, Breadboarding, Multimeter
Tools & Environments: Git, GitHub/GitLab CLI, SSH, pip, Conda, Colab, Jupyter, VS Code
Design & Productivity: Figma, Excel, PowerPoint, Word, Teams, Adobe Creative Suite (InDesign, Illustrator), Canva

HONORS & AWARDS

The Gates Scholarship, 2025 Scholar
Executive Board Member of the Year, National Society of Black Engineers Chapter, Drexel University, 2026

PROJECTS & LEADERSHIP

New World: An Interactive Portfolio Website **Philadelphia, PA**
Sole Designer & Developer *September 2026 to Present*
- Redesign existing Wix portfolio in Figma using reusable typography, color, and layout systems
- Translate Figma prototypes into responsive HTML/CSS within course constraints using Git version control
- Develop Zelda-inspired visual system emphasizing usability, information hierarchy, and accessible navigation

National Society of Black Engineers Chapter, Drexel University **Philadelphia, PA**
Secretary *July 2026 to Present*
- Implement Excel attendance tracker scoring member engagement on term and cumulative bases
- Publish weekly Mailchimp newsletters generating 80+ opens and clicks among chapter members

Freshman Representative *September 2025 to June 2026*
- Designed 30+ digital and physical promotional assets with Canva to effectively promote community events that maximized community engagement from many underrepresented students in the STEM space

FIRST Robotics Program, Carver Engineering and Science **Philadelphia, PA**
Alumni Mentor *December 2025 to Present*
- Guide 40+ FIRST Robotics Competition students in documentation, programming, strategy, teamwork, leadership, and post-secondary pathway planning
- Coach students in creative problem-solving, collaboration, tool safety, and consistent engineering documentation across subteams

Assistant Captain, Programmer *March 2022 to June 2025*
- Programmed FIRST Tech Challenge robot control systems, coordinated engineering documentation, and managed team outreach initiatives

An Untitled Action-Adventure Game Demo **Philadelphia, PA**
Product Owner, Lead Level Designer *January 2026 to May 2026*
- Led development of 2D action-adventure prototype in Godot using Git version control
- Built modular levels and collision systems with GDScript, iterating level layouts from user feedback

WORK EXPERIENCE

Wawa **Philadelphia, PA**
Customer Service Associate *September 2026 to Present*
- Maintain food safety, facility, and inventory standards during 16+ weekly overnight hours
- Process high-volume point-of-sale register transactions while providing efficient customer service
